

Guide de montage

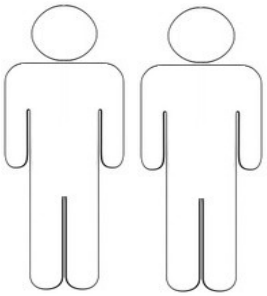

Produit en kit, à monter soi-même. Notice à lire attentivement. A conserver pour consultation ultérieure et à transmettre en cas de cession.

Regroupez, repérez & contrôlez le contenu du colis, aménagez vous une zone de montage, et prévoyez les protections nécessaires pour les pièces à assembler. Regroupez et conservez les clefs et les outils de montage.

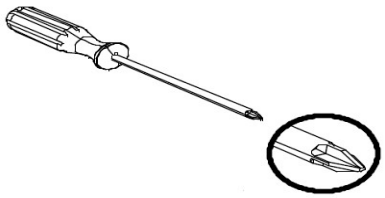

Lors du montage faites attention aux risques éventuels de pincements. Evitez de forcer sur les assemblages.
